Our Airline Pilot Standard (APS) course is accepted as an industry standard for pilots at entry-level. The aim of the course is to equip cadets with the core competencies to safely operate a complex, multi-crew, Commercial Air Transport (CAT) aircraft. Cadets will learn the Standard Operating Procedures (SOPs) to improve handling skills within realistic scenarios so that flying in normal and non-normal conditions becomes second nature.

The course is also designed to deliver the requirements necessary to obtain your Multi-Crew Cooperation (MCC) certificate which is based around the principles of Crew Resource Management (CRM), Multi-Crew Cooperation (MCC) and Jet Orientation training (JOT) providing cadets with the highest standard of pilot training. This qualification enables you to progress to Type Rating.

Key Elements of the training:
- **Duration:** 3 weeks (subject to scheduling)
- **Type:** APS MCC – Airline preparation
- **Required Experience:** Licensed pilot

**Course footprint**
- 25 hours Theoretical Knowledge
- 40 hours SIM time

**Successful graduation from this programme will provide you with:**
- Access to Airline Pilot Placement Pool
- Multi-Crew Cooperation certificate
- Skills required to operate in multi-pilot and multi-engine aircraft
